

Mal'tsev Meeting 20

Time (GMT+7)	Mon 16	
9-00	A. Scedrov: Multiplicative-Additive Lambek Calculus: Its complexity and its language and relational models [https://zoom.us/j/8243336174]	
10-00	V. Mazurov: Periodic groups saturated with finite simple groups of Lie type [https://zoom.us/j/8243336174]	
11-30	A. Kondrat`ev: Strengthened version of the Sims conjecture for finite primitive permutation groups [https://zoom.us/j/8243336174]	
12-30	V. Artamonov: Polynomially complete quasigroups and their applications [https://zoom.us/j/8243336174]	V. Selivanov: Primitive recursive ordered fields and some applications [https://zoom.us/j/8920539400]
15-00	E. Fokina: Learning structures [https://zoom.us/j/8243336174]	
16-00	Sections: Algebraic combinatorics [https://zoom.us/j/8243336174] Applications of algebra and logic in IT [https://zoom.us/j/6101775198] Computability theory [https://zoom.us/j/8920539400] Group theory [https://zoom.us/j/6517736128] Model theory and universal algebra [https://zoom.us/j/6753648817] Non-classical logics [https://zoom.us/j/9254245164] Ring theory [https://zoom.us/j/4630022907]	

Mal'tsev Meeting 20

Time (GMT+7)	Tue 17
8-00	I. Shestakov: Coordinatization theorems for some non-associative algebras [https://zoom.us/j/8243336174]
9-00	A. Nerode: Perspectives on 70 years in Logic [https://zoom.us/j/8243336174]
10-00	A. Nies: Metric space and computability theory [https://zoom.us/j/8243336174]
11-30	S. Goncharov: Degrees of autostability of models and computable functionals [https://zoom.us/j/8243336174]
14-00	B. Poizat: Symmetrons [https://zoom.us/j/8243336174]
15-00	Yurii L. Ershov: Anniversary talk [https://zoom.us/j/8243336174]
16-00	Congratulations [https://zoom.us/j/8243336174]

Mal'tsev Meeting 20

Time (GMT+7)	Wed 18	
9-00	V. Roman`kov: Two theorems on solvable and nilpotent groups [https://zoom.us/j/8243336174]	
10-00	N. Bazhenov: Equivalence relations and computable reducibility [https://zoom.us/j/8243336174]	
11-30	A. Morozov: Computable model theory over HF(R) [https://zoom.us/j/8243336174]	
12-30	V. Kabanov: Deza graphs. Generalization of strongly regular graphs [https://zoom.us/j/8243336174]	A. Stepanova: Model theoretical properties of some classes of S-acts [https://zoom.us/j/6753648817]
15-00	E. Konstantinova: Algebraic and combinatorial approaches to investigating integral graphs [https://zoom.us/j/8243336174]	B. Baizhanov: Linearly ordered small theories with continuum number of countable models [https://zoom.us/j/6753648817]
16-00	K. Tent: Defining R and G(R) [https://zoom.us/j/8243336174]	
17-00	Sections: Algebraic combinatorics [https://zoom.us/j/8243336174] Applications of algebra and logic in IT [https://zoom.us/j/6101775198] Computability theory [https://zoom.us/j/8920539400] Group theory [https://zoom.us/j/6517736128] Model theory and universal algebra [https://zoom.us/j/6753648817] Non-classical logics [https://zoom.us/j/9254245164] Ring theory [https://zoom.us/j/4630022907]	

Mal'tsev Meeting 20

Time (GMT+7)	Thu 19
9-00	E. Vdovin: On generalizations of the Baer–Suzuki theorem [https://zoom.us/j/8243336174]
10-00	M. Arslanov: Relatively computable enumerable degrees and diagonally non-computable functions [https://zoom.us/j/8243336174]
11-30	I. Kalimullin: Degrees of categoricity of computable and punctual structures [https://zoom.us/j/8243336174]
12-30	<p>Sections:</p> Algebraic combinatorics [https://zoom.us/j/8243336174] Applications of algebra and logic in IT [https://zoom.us/j/6101775198] Computability theory [https://zoom.us/j/8920539400] Group theory [https://zoom.us/j/6517736128] Model theory and universal algebra [https://zoom.us/j/6753648817] Non-classical logics [https://zoom.us/j/9254245164] Ring theory [https://zoom.us/j/4630022907]
15-00	<p>Sections:</p> Algebraic combinatorics [https://zoom.us/j/8243336174] Applications of algebra and logic in IT [https://zoom.us/j/6101775198] Computability theory [https://zoom.us/j/8920539400] Group theory [https://zoom.us/j/6517736128] Model theory and universal algebra [https://zoom.us/j/6753648817] Non-classical logics [https://zoom.us/j/9254245164] Ring theory [https://zoom.us/j/4630022907]
